

IMPLEMENTING THE WITS PROGRAMS

A Step-by-Step Guide for Schools

1

Determine if WITS is the best fit for your school goals and objectives

The WITS Programs bring together schools, families, and communities to create responsive environments that help elementary school children deal with bullying and peer victimization. Learn more about WITS by watching a half-hour introductory video online.

2

Learn how to use the WITS Programs

The WITS Teacher Accreditation Program is a 90-minute online training module that teaches elementary school instructional staff about the WITS Programs and helps them become Accredited WITS Programs Teachers. Encourage school staff to complete the accreditation.

 **ACCESS THE ACCREDITATION PROGRAM** | www.witsprogram.ca > WITS for Schools > WITS Online Training

3

Obtain WITS books and resources and share them with your school

Almost all of the WITS Programs resources are available free-of-charge on the WITS website, including the resource guide, lesson plans, videos, posters, and pamphlets. Only the WITS books and reminder gifts cannot be provided online; however, they can be obtained cost-effectively. Designate a specific location for WITS materials so they can be easily accessed and used.

4

Identify a Community Leader for your school

Identify a leader in your community, such as a police officer, firefighter, paramedic, athlete, or Elder, and invite him or her to partner with you on the WITS Programs. Encourage your Community Leader to complete the WITS Training Program for Community Leaders – a 60-minute online training module that teaches community leaders about their role in the programs.

Conduct the Swearing-In Ceremony and Tug-of-Help at your school

The Swearing-In Ceremony and the Tug-of-Help are special assemblies led by Community Leaders. They take place in September or early October and kick off the WITS Primary and WITS LEADS Programs. Work with your Community Leader to plan and conduct the assemblies.
